### ***Drawings***

1. The proposed drawing corrections were received on 11 August 2003. These drawings are approved.

### ***Specification***

2. The abstract of the disclosure is objected to because in line 7, the term "c lip" should be replaced with the term --clip-- (namely, the space should be removed from between the c and l of the term). Correction is required. See MPEP § 608.01(b).

### ***Claim Objections***

3. Claims 2-12 are objected to because of the following informalities: The phrase "characterized in that" contains no structure, and should therefore be removed from the claims. Appropriate correction is required.

Claim 6 is further objected to due to the fact that the terms "s equence", "b etween", "o ne", "e ight", and "s uccessive" in line 2 of the claim should be replaced with the terms --sequence--, --between--, --one--, --eight--, and --successive--, respectively (namely, the space should be removed from between the first and second letters of each term).

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Art Unit: 3617

5. Claims 1-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

6. The term "some" in line 10 of claim 1 is a relative term, which renders the claim indefinite. The term "some" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. In the instant case, one of ordinary skill in the art would be unable to determine the number of clipping sites to which a clip is attached.

#### ***Allowable Subject Matter***

7. Claims 1-13 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

#### ***Response to Arguments***

8. Applicant's arguments with respect to claims 1-13 have been considered but are moot in view of the new ground(s) of rejection.

#### ***Conclusion***

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 3617

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
